

ELDON PARISH COUNCIL

EXPLANATION OF SIGNIFICANT VARIANCES 2015/16

Row 6 (All other payments)	The decrease of £3535 is accounted for by a reduction in repairs and renewal costs of £2210 (costs were high in the previous accounting period because of the refurbishment of the Parish Council flowerbeds; purchase of memorial seats; replacement of vandalised seats and repainting of a bus shelter which had been vandalised with graffiti). There was also a reduction of nearly £800 in the Parish Council's contribution towards churchyard costs as the area is now a closed churchyard and the County Council responsible for its maintenance. The cost of village events also fell by nearly £400 because of changes to entertainment provision and class categories at the annual village fete.
