

ELDON PARISH COUNCIL

EXPLANATION OF SIGNIFICANT VARIANCES 2018/19

Row 6 (All other payments)

The decrease of £4039 is mainly accounted for by:

A return to usual levels of expenditure. In the previous financial year (2017-18) expenditure rose because of several one-off payments in relation to fencing/gating works (£850), additional newsletters (£280), purchase of laptop/software (£645) and repairs to solar lighting and community centre lights (grant aided) (£1900).
