Vehicle Crime **x2**
15/01/2022, 11/02/2022

Multi-Agency Incident (Fire) **x1**
20/01/2022

It has been relatively quiet in Eldon since The 1st January 2022 with only 32 calls to date. We have had no reports of youth ASB and only 4 x reports of off-road motorbikes. During this period, the wider Sildon area has received 769 calls from the public. Looking at statistics calls from Eldon works out as only 4.5% of our demand. When realistically we know this is not the case unfortunately.

We know there are many more incidents than reported especially with off road vehicles. We need to encourage those people to report to us via 101 or on our online reporting facility. We have attached an anonymous Crimestoppers reporting number poster for off road bikes that you could put in your noticeboard if you think it would benefit the community
